# MOIN SHAH

## ASSOCIATE ENGINEERING HEAD

## PROFESSIONAL PROFILE

Dynamic Senior Team Leader with 8+ years of deep expertise in YII PHP. Proven track record in leading cross-functional teams, optimizing code, managing end-to-end projects, and mentoring developers. Committed to delivering high-quality, scalable solutions on time and within budget.

## WORK EXPERIENCE

### Associate Engineering Head (SoftwareSuggest)

#### 01 July 2024 - PRESENTS

Associate Engineering Head at SoftwareSuggest, overseeing end-to-end software development and team leadership. Played a key role in implementing load balancing across two different servers to enhance system performance and ensure high availability. Led senior developers in delivering robust, scalable solutions.

### SENIOR TEAM LEADER (SoftwareSuggest)

#### 01 July 2021 - 30 June 2024

At SoftwareSuggest, I served as a Senior Team Leader, guiding a diverse team of 5 developers, 3 QA professionals, and 2 project managers. I was dedicated to fostering a team environment where innovation, collaboration, and growth were at the forefront. I leveraged my Redis expertise to enhance performance and scalability, while introducing Jira to improve project tracking and issue resolution. My efforts in implementing release-based systems allowed for timely, efficient project delivery. I took pride in mentoring my team, helping them grow both professionally and personally, while ensuring that we achieved consistent, high-quality outcomes for the company.

### TEAM LEAD (SoftwareSuggest)

#### 01 July 2020 - 30 June 2021

Led a team of two software developers and one QA engineer to enhance CRM capabilities by implementing key features, including integrated calling functionality. Successfully incorporated various Google APIs to streamline workflows and enhance the overall user experience. Collaborated with cross-functional teams to gather and analyze requirements, Delivering scalable and efficient solutions. Conducted regular code reviews, task planning, and mentoring sessions to maintain high code quality and support continuous team development.

## Senior Software Engineer (SoftwareSuggest)

18 June 2018 - 30 June 2020

Enhanced stability and scalability of in-house CRM by optimizing performance and refactoring core Yii application modules.  
Boosted application performance and scalability by implementing best practices in Yii and PHP development

## Software Developer (Sphere Rays Techno labs PVT LTD)

01 June 2016 - 12 June 2018

Initially joined Sphere Rays Techno labs PVT LTD as an intern, where I developed fundamental skills in Yii framework, PHP, and MySQL before transitioning to a full-time Software Developer position.  
Progressed from internship responsibilities to independently managing web application development projects, demonstrating growth in technical proficiency and contributing to the company's core product offerings.
